

Colours dialogues practise

Q. Alets'e te _____ lepót?

A. Ikw'eló!

Use this dialogue to have simple conversations about colours. The dialogue uses **lepót** (cup) as an example, but you can substitute any other objects, such as articles of clothing. If you would like to practise saying 'my', 'your' and 'his/hers', you can use

tel lepót (my cup)	Aléts'e tel lepót?
ta' lepót (your cup)	Aléts'e ta' lepót?
te lepots (his/her cup)	Aléts'e te lepots?

Colours Dialogue B

Q. Alets'e te tskwí:m lepót?
Where is the red cup?

Q. Alets'e te tsqwá:y lepót?
Where is the green/yellow cup?

Q. Alets'e te _____ ?
Where is the _____ ?

Collect cups of various colours, and ask about them. Later you can substitute any other object (stocking, etc.) in the same pattern.

A. Ikw'eló! *Here (it is)!*
